

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_130334
Title of the Manuscript:	Variation in Mustard Aphid (Lipaphis erysimi) Infestation and Resistance Levels across Diverse Rapeseed-Mustard Genotypes
Type of the Article	Original Research Article

PART 1: Comments

	Reviewer’s comment	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	<ul style="list-style-type: none">The manuscript is very helpful for understanding the resistance of rapeseed-mustard genotype for their resistance against mustard aphidIt will be helpful in understanding the association of mustard varieties with aphids.The manuscript will also be helpful in understanding the avenues for breeding programs to improve resistance in rapeseed-mustard crops.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title is suitable	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract provided in the manuscript is comprehensive however, the key words provided should preferably in alphabetical order	
Is the manuscript scientifically, correct? Please write here.	The manuscript is scientifically correct. However, the statistical analysis done can be improved.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The number of references is slightly less and the references should be of recent in nature	
Is the language/English quality of the article suitable for scholarly communications?	The English provided in the manuscript has room for improvement.	
Optional/General comments	The manuscript could be improved with inclusion of more number of references. The result section can be improved with the elaborate explanation of the findings.	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
