

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_130551
Title of the Manuscript:	Influence of weather parameters on pollen and nectar foraging activity of Apis and Non-Apis species of honey bees in wild and cultivated varieties of jamun (Syzygium cumuni L. skeels)
Type of the Article	Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The present research can help in regulating the pollination activities in the Jamun crop and can help in both increasing the yields in Jamun crop and honey quality produced by bees. The manuscript writing is good however, the discussion part needs to be improved and the references are need to be added more and formatted according to the format of the journal.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title of the article is suitable.	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract is fair but needs to be supplemented with some introductory and conclusion lines.	
Is the manuscript scientifically, correct? Please write here.	The subscript and structure of the manuscript is appropriate enough to be published.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are not sufficient and needs to be added and formatted according to the format of the journal.	
Is the language/English quality of the article suitable for scholarly communications?	Language of the article is good enough for the scholarly communication.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
