

Review Form 3

Journal Name:	Journal of Advances in Biology & Biotechnology
Manuscript Number:	Ms_JABB_131187
Title of the Manuscript:	Comparing the Dibbling and Drilling Techniques in Wheat (Triticum aestivum L.) based on the plants' Reproductive and Vegetative Growth
Type of the Article	Comparative study

General guidelines for the Peer Review process:

Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.

This journal’s peer review policy states that **NO** manuscript should be rejected only on the basis of ‘**lack of Novelty**’, provided the manuscript is scientifically robust and technically sound.

Review Form 3

PART 1: Comments

	Reviewer's comment Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Wheat (<i>Triticum aestivum</i> L.) One of the most significant cereal crops in the world, is a staple diet for millions of people. Wheat growth, production, and quality are greatly influenced by the sowing technique. Drilling and dibbling are two popular methods of seeding. The purpose of this study is to examine these two methods according to how they affect wheat's vegetative and reproductive growth.	
Is the title of the article suitable? (If not please suggest an alternative title)	Comparative study on Dibbling and Drilling Techniques in Wheat (<i>Triticum aestivum</i> L.) based on the plant's Reproductive and Vegetative Growth	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Some spelling are incorrect i.e variety so please correct it , over all abstract is well define the findings	
Is the manuscript scientifically, correct? Please write here.	The manuscript are scientifically correct	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The references are sufficient for supporting the study	
Is the language/English quality of the article suitable for scholarly communications?	It is quit ok with English	
<u>Optional/General</u> comments	Acceptable	

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
