Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	One of the important researches in dentistry because it specializes in the most common things in clinics.and we faces this conditions a lot in dental clinic	
Is the title of the article suitable? (If not please suggest an alternative title)	yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	No.it is enough	
Is the manuscript scientifically, correct? Please write here.	yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	In my own opinion paying attention to a point like Bell's palsy and combination with LLLT is one of the most important exciting points.	
Is the language/English quality of the article suitable for scholarly communications?	yes	
<u>Optional/General</u> comments	This research need more details about low level laser therapy .and the device used in this research and parameters The research lacks many details about how the laser works.	

PART 2:
