PART 1: Comments

	Reviewer’s comment	Author’s Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This study has reported that ginger has an antiemetic effect and may serve as an alternative for preventing nausea and vomiting during pregnancy (NVP). Incorporating ginger into a dentifrice could offer therapeutic benefits for managing NVP. This study aimed to evaluate an experimental dentifrice containing ginger with respect to its impact on cell viability and potential effects on tooth enamel. This is a good study.	
Is the title of the article suitable? (If not please suggest an alternative title)	The title needs to be modified as “Impact of ginger-containing dentifrice on the teeth enamel surface”	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abbreviation “(ΔE, ΔL, ΔA, ΔB, and ΔE)” should be defined first.
