Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	I think This manuscript hold a significance important for the scientific community for healthcare professionals, practice and perceptions concerning of COVID 19 vaccination. And must understanding the factors influence vaccine acceptance. I appreciate this manuscript for its relevance in addressing an intersection of healthcare professionals	
Is the title of the article suitable? (If not please suggest an alternative title)	I think this article is suitable for the journal	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	In the abstract of this article is good but I have some Questions 1. How were the Nnamdi Azikiwe University Teaching Hospital selected? How were these factors considered in site selection? 2. How was the questionnaire “adapted and modified accordingly”? 3. How many people were interviewed per departments? Who was interviewed? Who was requested to be interviewed? Who were the interviewers? This needs to be part of the methods. 4. How did authors “purify” data?	
Is the manuscript scientifically, correct? Please write here.	The manuscript structure is appropriate	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	The reference is good but commas after citations, make sure citations match text in the correct place, missing periods in some places.	
Is the language/English quality of the article suitable for scholarly communications?	Generally Correct typos for English convention	
Optional/General comments
