

Review Form 3

Journal Name:	Journal of Engineering Research and Reports
Manuscript Number:	Ms_JERR_131355
Title of the Manuscript:	The Ethical and Legal Implications of Shadow AI in Sensitive Industries: A Focus on Healthcare, Finance, and Education
Type of the Article	Research

PART 1: Comments

	Reviewer’s comment Artificial Intelligence (AI) generated or assisted review comments are strictly prohibited during peer review.	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	This study underscores the far-reaching implications of Shadow AI in healthcare, finance, and education, highlighting its ethical, legal, and cyber security risks. This study shows the increasing prevalence of unauthorized AI applications exacerbates data privacy breaches, algorithmic biases, and regulatory non-compliance. It also reveals the necessity of urgent intervention.	
Is the title of the article suitable? (If not please suggest an alternative title)	YES	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Comprehensive	
Is the manuscript scientifically, correct? Please write here.	This manuscript is scientifically correct	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Sufficient and recent	
Is the language/English quality of the article suitable for scholarly communications?	Yes, the language of the article is scholarly suitable for communicaton.	
Optional/General comments	<p>This content is suitable for publication. This study underscores the far-reaching implications of shadow AI in healthcare, finance, and education, highlighting its ethical, legal, and cybersecurity risks, which is the need of hour in the digital era.</p> <p>This study shows the increasing prevalence of unauthorized AI applications exacerbates data privacy breaches, algorithmic biases, and regulatory non-compliance and its efects. Importantly it also reveals the necessity to take urgent action.</p>	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
