

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_JSRR_128778
Title of the Manuscript:	The Universal Constants and the Scaling Law
Type of the Article	Short communication

PART 1: Comments

	Reviewer’s comment	Author’s Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The authors present a Unified Scalar Resonance Model (USRM) that connects quantum mechanics, gravity, and cosmic structure. In this model, fundamental parameters are considered to achieve the goals outlined in the section on abstract and explained in the section on Foundational Principles of the Scalar Field under the specific values of $\alpha$ , $\beta$ and $\gamma$ . Over all authors’ work is good.	
Is the title of the article suitable? (If not please suggest an alternative title)	Okay	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	okay	
Is the manuscript scientifically, correct? Please write here.	Okay for short communication	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Okay	
Is the language/English quality of the article suitable for scholarly communications?	The sentences are excessively long.	
Optional/General comments		

PART 2:

	Reviewer’s comment	Author’s comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
