

Review Form 3

Journal Name:	Journal of Scientific Research and Reports
Manuscript Number:	Ms_ JSRR_ 130380
Title of the Manuscript:	Impact of Dietary Inclusion of Rice Distillers Dried Grains with Solubles (DDGS) on Hematological Parameters of Commercial Broiler Chicks
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback (Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	The using of DDGS in general is important as an alternative to yellow corn and soybean meal.	
Is the title of the article suitable? (If not please suggest an alternative title)	Ok	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	It's Ok	
Is the manuscript scientifically, correct? Please write here.	Since you used the one-way ANOVA, you have to use Tukey's test or Duncan test to compare the significance among the treatments. You need to add superscripts for comparison.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Some references are suggested: Alshelmani, M. I., Abdalla, E. A., Kaka, U., & Basit, M. A. (2021). Nontraditional feedstuffs as an alternative in poultry feed. In <i>Advances in poultry nutrition research</i> . IntechOpen. Kairalla, M. A., Alshelmani, M. I., & Aburas, A. A. (2022a). Effect of diet supplemented with graded levels of garlic (<i>Allium sativum</i> L.) powder on growth performance, carcass characteristics, blood hematology, and biochemistry of broilers. <i>Open Veterinary Journal</i> , 12(5), 595-601. Kairalla, M. A., Aburas, A. A., & Alshelmani, M. I. (2022b). Effect of diet supplemented with graded levels of ginger (<i>Zingiber officinale</i>) powder on growth performance, hematological parameters, and serum lipids of broiler chickens. <i>Archives of Razi Institute</i> , 77(6), 2089-2095. Kairalla, M. A., Alshelmani, M. I., & Imdakim, M. M. (2023). Effect of diet supplemented with different levels of moringa powder on growth performance, carcass characteristics, meat quality, hematological parameters, serum lipids, and economic efficiency of broiler chickens. <i>Archives of Razi Institute</i> , 78(5), 1647.	

Review Form 3

Is the language/English quality of the article suitable for scholarly communications?	Some comments were added to the main file!	
<u>Optional/General</u> comments	Refer to the edited main file!	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
