

Review Form 3

Journal Name:	Microbiology Research Journal International
Manuscript Number:	Ms_MRJI_130036
Title of the Manuscript:	Antimicrobial Resistance Patterns and Bacterial Contamination of Healthcare Workers' Mobile Phones in Hospitals at Khartoum City
Type of the Article	Research article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Studying the Antimicrobial Resistance Patterns and Bacterial Contamination of Healthcare Workers' Mobile Phones in Hospitals is interesting topics as we need to figure out what is the source of multidrug resistance especially in hospitals	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes	
Is the manuscript scientifically, correct? Please write here.	Yes but there is many mistakes espcailly in the name of bacteria as the name bacteria on all manuscript should be italic Introduction also is too long try to shorten it and many sentences were repeated on discussion try to delete it from introduction. The introduction should be ended by the objective of this study. Material and methods , You have to mention the name of company of all materials used in this study. And you have mention the name of all antibiotic discs were used in this study. In results part. It doesn't make sense to depend on conventional biochemical tests to identify the bacterial species without molecular or vitek identification	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Yes , but I recommended authors to try updates some of them .	
Is the language/English quality of the article suitable for scholarly communications?	No , the manuscript needed for English editing	
<u>Optional/General</u> comments
