Review Form 3

PART 1: Review Comments

<b>Compulsory</b> REVISION comments	<b>Reviewer's comment</b>	<b>Author's Feedback</b> <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.		
Is the title of the article suitable? (If not please suggest an alternative title)	Appropriate	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract provides a solid overview of the study.	
Are subsections and structure of the manuscript appropriate?	Yes Appropriate	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	This manuscript is scientifically robust and technically sound as it employs well-established microbiological methods, including culture-based techniques, gram staining, and biochemical tests, to identify bacterial and fungal species from avian droppings. The study demonstrates methodological rigor by adopting a non-invasive fecal collection strategy, ensuring minimal disturbance to the birds while maintaining sample integrity.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Not really	
Minor REVISION comments	Improve generally	
Is the language/English quality of the article suitable for scholarly communications?		
<b>Optional/General</b> comments		

PART 2:

	<b>Reviewer's comment</b>	<b>Author's comment</b> <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
