

Review Form 3

Journal Name:	South Asian Journal of Social Studies and Economics
Manuscript Number:	Ms_SAJSSSE_130576
Title of the Manuscript:	Rural Migration and Income Inequality in South Asian countries: A Fixed and Random effect Approach
Type of the Article	

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	On the overall, the manuscript is very important for the scientific community giving the rate of rural-urban migration which has widened the gap between the rich and the poor, the have and the have-not. This disparity in income caused by this drift has in no small measure contributed to high the level of poverty suffered by the people especially those in the rural areas. So the study is apt and timely	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	NO. the researcher should include the scope of the study, the findings and some of the recommendations.	
Is the manuscript scientifically, correct? Please write here.	To some extent. The researcher should add and interpret the Hausman test result which is employed in choosing between the fixed model and the random effect model. Also the appropriate interpretation should be provided for correlation matrix.	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	Its ok but should see reviewed paper for manor corrections. Also need to do some review on empirical study	
Is the language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	It's a good topic and a good effort. If the researcher takes time to effect the suggested correction the paper will come out better
