

Review Form 3

Journal Name:	South Asian Research Journal of Natural Products
Manuscript Number:	Ms_SARJNP_130215
Title of the Manuscript:	Preparation and characterization of some oxazolidine-5-one derivatives and evaluation of their biological activity
Type of the Article	Research Article

PART 1: Comments

	Reviewer's comment	Author's Feedback <i>(Please correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Please write a few sentences regarding the importance of this manuscript for the scientific community. A minimum of 3-4 sentences may be required for this part.	Heterocyclic compounds are one of the most interesting scientific fields. The importance of molecules generated from heterocyclic compounds in plastics, polymers, medicine, agriculture, and other sectors.	
Is the title of the article suitable? (If not please suggest an alternative title)	Preparation and characterization of derivatives of some oxazolidine-5-one and evaluation of their biological activity	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	The abstract was well defined	
Is the manuscript scientifically, correct? Please write here.	Yes	
Are the references sufficient and recent? If you have suggestions of additional references, please mention them in the review form.	References were sufficient	
Is the language/English quality of the article suitable for scholarly communications?	Improve the quality of English words in the manuscript. Some sentences were not technically sound.	
Optional/General comments	In preparation of the 1,3-oxazolidinone-5-onederivatives, the Author said the previously prepared Schiff bases. Which of the previous not mentioned? In the evolution of the biological activity, in the text it was mentioned as A5 and A6 but in the table it is J5 and J6?	

Review Form 3

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
