Please write a few sentences regarding the importance of this manuscript for the scientific community. Why do you like (or dislike) this manuscript? A minimum of 3-4 sentences may be required for this part.	This manuscript holds significant importance as it gives insightful information about the socioeconomic profile of farmers practicing the Rice-Wheat Cropping System (RWCS) in Haryana. This can provide important information on how social and economic factors impact agricultural sustainability and efficiency by examining the traits of farmers involved in the Rice-Wheat Cropping System. This manuscript is interesting for several reasons because it makes an association between agricultural practices and socioeconomic problems.	
Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
Is the abstract of the article comprehensive? Do you suggest the addition (or deletion) of some points in this section? Please write your suggestions here.	Yes, Some of the main findings can be added in this section.	
Are subsections and structure of the manuscript appropriate?	Yes	
Please write a few sentences regarding the scientific correctness of this manuscript. Why do you think that this manuscript is scientifically robust and technically sound? A minimum of 3-4 sentences may be required for this part.	Because of its systematic approach to reviewing the literature on the economic status of farmers using the Rice-Wheat Cropping System (RWCS), it seems to be both technically good and scientifically robust. The study's focus on Haryana makes it possible to acquire focused insights that are especially pertinent to the regional context and agricultural policies, which increases the findings' practical usefulness. The information obtained through this study may be relevant to different farming systems and geographical areas, which may enhance our knowledge of agricultural practices.
